Subject: Open letter about fish consumption in Washington from Ecology Director Ted Sturdevant
Date: Monday, July 16, 2012 3:32:23 PM
Attachments: [image001.jpg.txt](#)

Ted Sturdevant, director of the Washington Department of Ecology, has announced a revised approach for updating the state's fish consumption rates for water quality and cleaning up contaminated sediments. To view his letter and a timeline for Ecology's work, see http://www.ecy.wa.gov/toxics/docs/20120716_FCR_SturdevantLetter.pdf.

which may be a computer program. This attached computer program could
contain a computer virus which could cause harm to EPA's computers,
network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced
into the EPA network. EPA is deleting all computer program attachments
sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you
should contact the sender and request that they rename the file name
extension and resend the Email with the renamed attachment. After
receiving the revised Email, containing the renamed attachment, you can
rename the file extension to its correct name.

For further information, please contact the EPA Call Center at
(866) 411-4EPA (4372). The TDD number is (866) 489-4900.
